What participants say ...

“ My perspective on Greek Life has completely changed. I built true friendships in a fraternal context, which showed me what I need to prioritize when I approach my chapter and fraternity/sorority life as a whole on my campus.”

“ I absolutely loved UIFI. It truly changed my life. I met the most amazing people, people who will be forever friends.”

“ The growth as a leader that I experienced through UIFI was stronger than I had ever expected, and it empowered me to want to replicate this in my council and community. Now I have an additional and even stronger goal to help develop leaders like myself through running for council office.”

“ I believe everyone in fraternity and sorority life should attend UIFI, and I will definitely be recommending it to others.”
