

CREATING A SCHOLARSHIP PLAN

Your IFC should have a robust action plan for supporting academic success for individuals. The plan should include five major components:

1. Expectations and policies
2. Incentives
3. Accountability measures
4. Workshops or ways to help member chapters
5. Reporting

What three immediate steps do you need to take in the next week to follow through on a stronger scholarship plan?

IFC SOP SAYS...

An IFC will implement academic policies and programming, striving for the all-fraternity GPA to be above the campus all-men's average.

The IFC will establish policies with remediation plans when chapters do not achieve the minimum new member class GPA and chapter GPA.
