Reach your key audiences and goals with the North American Interfraternity Conference. 2025-2026 ALLIANCE PARTNER BENEFITS BY LEVEL

Founded in 1909, the North American Interfraternity Conference (NIC) is the trade association representing more than 50 international and national men's fraternities. The NIC serves to advocate for the needs of its member fraternities through enrichment of the fraternity experience, advancement and growth of the fraternity community and enhancement of the educational mission of the host institutions.

Alliance Partners are in a special category of NIC membership available to for-profit companies wishing to do business with men's college fraternities and nonprofit organizations wishing to work cooperatively with men's college fraternities. NIC Alliance Partners are key sponsors in fostering and promoting the success of NIC member fraternities.

including numerous partner-member touchpoints available throughout the year.

NIC Alliance Partners gain industry recognition and enjoy high visibility to NIC members throughout the year — benefiting both the industry and our partners. NIC Alliance Partners receive unique opportunities to market to NIC member organizations by connecting with the interfraternal industry's key decision-makers and influencers.

Countless benefits

to your organization and staff.

Businesses and organizations serving the interfraternal community receive tangible benefits as a result of their participation in the NIC's Alliance Partner program focused on growing their business.

66 There are three primary reasons I support the NIC. First, I believe it its mission. I also value the education and professional development opportunities available to me and my staff. Finally, it's about relationships. I've developed great relationships with customers, other vendors, even competitors. In fact, some of those people who started out as competitors have become business or channel partners because of the relationships we built through the Alliance Partner program." - Fred Maglione, Industry Veteran and Former OmegaFi CEO

Our partners often become trusted advisors, offering their perspectives and insights to NIC leadership and forming strong, enduring partnerships with our member organizations. Alliance Partners are known across our audience as key, critical contributors to the success of NIC members and the fraternal industry as a whole.

DISTINGUISHED TITANIUM AND DIAMOND ALLIANCE PARTNERS

The NIC and FFE work together to preserve the fraternity and sorority experience and invest in industry-wide initiatives that advance research and educational-based needs for students, higher education partners and interfraternal organizations. Because of this important collaboration, we created Alliance Partner categories that give partners the opportunity to engage with both organizations at the highest possible level. Distinguished partners receive a savings of \$5,000 when partnering with both NIC and the FFE (Distinguished Titanium: \$25,000; Distinguished Diamond: \$15,000).
